

Evans-MacTavish Pneumatic Screening Separator

The Evans-MacTavish Pneumatic Screening Separator is efficient and quiet. It has a number of worthwhile advantages incorporated into its design.

Evans-MacTavish Pneumatic Screening Separator Features & Specifications

- Shaft mounted gear motor reduces the number of expensive components.
- Screens act as baffles, on double sided units, for even air distribution.
- Screen seals are easily replaceable.
- Airlocks have spiral blades to run quietly and with less strain on the drive components.
- Constructed of powder coated structural and heavy gauge mild steel.
