

Evans-MacTavish Slicer

The Evans-MacTavish Slicer accommodates C48's, C96's and farmers bales (US and others).

Evans-MacTavish Slicer Features & Specifications

- The components in the Evans-MacTavish Slicer are hydraulically driven. All system components are driven from a single power plant.
- PLC Controlled.
- Three slicing options; Indexing (adjustable for slice width), Fixed Width, and Cross Cut.
- Outboard mounted blade drive cylinders eliminate product contamination risks.
- Designed with easy maintenance and superior hygiene in mind.
- Robustly constructed out of powder coated structural steel and stainless steel for long life.
